

INVITATION

Canine Lyme disease and Prevention by Vaccination

– Presented by Dr. Callister

Dr. Steve Callister received his Ph.D. in Bacteriology from the University of Wisconsin and is currently a Medical Staff member in the Department of Infectious Diseases at the Gundersen Health System and Director of the Microbiology Research and Molecular Diagnostics Laboratories at the Gundersen Medical Foundation. His research interests include pathogenesis of tick-associated illnesses such as Lyme disease and Anaplasmosis, and he has authored or co-authored over 100 academic publications which deal primarily with tick-associated pathogens. In addition, he has served extensive terms on several Editorial Boards including the Journal of Clinical Microbiology and is past Chair of the Clinical and Diagnostic Immunology Division of the American Society for Microbiology.
