## SMALL ANIMAL BEHAVIOUR – Wait, don't get rid of your pet!

by

Dr. Colleen Wilson, BSc, DVM, Dipl.ACVB:Bio

Dr. Wilson is one of only 10 Animal Behaviour Specialists in Canada. Her passion is to communicate and clarify the current science about Animal Behaviour to Veterinary Professionals

**1) Five common medical issues masquerading as a “Behaviour Problem”:** Animal Behaviour complaints are the number one reason an owner will relinquish their pet, over all other medical conditions combined! Let's discuss 5 common behaviour complaints masquerading as a medical concern.

**2) Wait a minute, don't euthanize that cat! A PLAN for the litter PAN.** Feline inappropriate elimination: The most common undesirable feline behaviour in the most common pet people have today is still leading cat owners to give up their cats. You will learn the most important and effective strategies needed to help these pets and promote harmony in the client's home.

**When:** Thursday February 16<sup>th</sup>, 2023, 6-9pm

A light supper will be provided (pre-registration required)

**Where:** Holiday Inn and Suites, 101 Kanata Ave, Kanata

**Cost:** \$25 for CCVA 2023 members

\$75 for non-members (\$25+\$50 membership fee)
